The titles are organized from the highest position to the lowest position. Titles without promotional opportunity are listed separately at the beginning of the Study under Not in Line of Progression. Classified and unclassified titles are identified.

## 2. Occupational Category Study

For this *Plan*, each position classification that was utilized during the *Plan* year has been placed in an occupational category with other position classifications with similar job content and opportunity. The position classifications in each occupational category are listed from highest to lowest level with the salary range for each classification.
